Scotland's Census 2011

2011 Census data is now available on the KnowFife Dataset. Included are 124 indicators from across the main Census themes.

The KnowFife Dataset offers users a number of benefits, not least the range and flexibility of sub-Fife geographical boundaries unique to the KnowFife Dataset, including Area Committee, Fife's SIMD12 quintiles and School Catchments, along with 2001 Datazones, Wards, Fife etc.

A full list of these indicators and more detail on what is available can be found in this handy [KnowFife Dataset Census guide](#).

2014 KnowFife Dataset User Survey Report

An overview report of the response to the User Survey will be published later in January 2014. If you would still like to provide feedback on any aspect of the KnowFife Dataset, please contact Chris Brown at chris.brown@fife.gov.uk.

2011 Datazone Redraw

The Scottish Government have published the revised boundaries for datazones across Scotland.

Within Fife, the number of datazones has increased from 453 to 494. A summary of the changes in Fife can be found in a briefing paper here: [KnowFife Quick Brief – 2011 Datazones](#)

NOTE: The KnowFife Dataset will continue to use the **2001** datazones until the system is updated with the new 2011 boundaries- most likely in the New Year. Users will be notified of the plan to introduce them to our system and accessing data using the new boundaries.

Training

The following training sessions are scheduled for KnowFife Dataset users (**subject to availability**):

- **NHS Fife Health Improvement Training Programme** | *“Introduction to the KnowFife Dataset”*
 - Thursday 19th March 2015 | Venue : Stratheden Hospital, Cupar | [see here for booking form & more info](#)

If you are interested in training/tutorials but unable to book a place on any of the above events, [please email the KnowFife Co-Ordinator, Chris Brown](#) to discuss options to arrange the following:

- half-day training sessions,
- live demonstrations at team of group meeting
- tutorials for small groups, teams , or individuals keen to understand the KnowFife Dataset.

General Information

Making the case for funding with help from KnowFife Dataset

Thanks to information from the KnowFife Dataset and the SIMD, YMCA Glenrothes have recently been successful in getting funding through Lloyds TSB for an alcohol and drug worker for one year, commencing April 2015.

Having good access to local statistics, helps make a strong case to funders for investing in Fife.

If you've used the KnowFife Dataset to help you to apply for funding for projects in Fife, and have been successful, please tell us about it! contact: chris.brown@fife.gov.uk

Understanding Fife's Geographies – new paper

This new paper outlines the various sub-Fife geographical boundaries in the KnowFife Dataset and how and when they may be used.

It includes maps and descriptions of the 27 different geographies available within the system.

The paper can be viewed at the link here- [Understanding Fife's Geographies](#)

Data Picker

The **Data Picker** allows users to pick their own custom selection of all the data in the system.
